INTRO:
1///    1sus4
1///    1sus4

VERSE 1:
1
Beneath the broken shadow
    1sus4
Where sin and death did reign
    1sus2    1
The king of glory left his throne aside
    1
The clouds of heaven opened
    1sus4
And mercy fell like rain
    1sus2    1
To bring the darkened past a future bright

PRE CHORUS:
2m
Something greater
    4        1
Something greater has come

unto INTRO

VERSE 2:
1
Upon the cross of sorrow
    1sus4
The cup of wrath ran dry
    1sus2    1
The dying savior drinking every drop
    1
The sting of death accepted
    1sus4
The final breath of Love
    1sus2    1
Our greatest gain was Heaven’s greatest loss

unto PRE CHORUS x2

CHORUS:
You are greater, greater
Than anything I've known or seen
You're stronger, stronger
Than the grave that once held me
Your love is deeper and wider
In the highest place be lifted higher still
Oh you have and always will
Be something greater

TURN:
1// 5 4///
6m// 1/3 4///

VERSE 3:
The silence there was broken
On the third day in the tomb
As the Savior's heart began to pulse again
Then the lamb arose in glory
With fire in his eyes
And the keys of death and hades in his hand
Now the kingdom of darkness will not stand
For the King of Kings has died and rose again

BRIDGE 3:
1/// 1/// 1/// 1///
1
The mourner’s gonna dance
1
The blind are gonna see
1
The lame is gonna run
1
The sinner’s gonna sing

1
The mourner’s gonna dance
4
The blind are gonna see
1
The lame is gonna run
4

Because Jesus is Alive
4
He’s won the victory

1
